

Footsizer

how to measure your foot

Please follow the instructions to measure your foot.

- A.** Print this page out and make sure that the print option “fit to page” is not selected and “page scaling” is set to “none.”
- B.** Place the sizing chart onto a hard flat surface.
- C.** Stand tall with the with the heel at the half circle, read the size after the end of the toe.
- D.** Measure both feet and use the higher measurement.
- E.** Proceed with your order on our online boutique:
www.comme-les-grands.com.au

The footsizer is an accurate guide. However, minor variances can occur from one manufacturer or country to another.

Check the cm against a ruler to ensure accurate printing of this chart.
